

# Public Education Service Award

*As a model of service and personal commitment for citizens everywhere,  
the Alameda County Board of Education and  
Alameda County Superintendent of Schools commend*

## Millie Gee Poon

We salute you for your many years of promoting multicultural diversity, sensitivity and pride in Castro Valley and Eden Area schools. As a community activist and advocate for education, you have played many roles: field representative for two Alameda County Supervisors, organizer and supporter for many public school and community events, and provider of legal services for special populations. Through your efforts and advocacy, grants have been awarded to schools and to individual students. Some of the programs in which you have played a major role are the reinvigoration of the Castro Valley Education Foundation, student essay contests, art shows, and leadership and career education program. Your involvement in the Asian and Pacific Islander community in the planning of these events has created awareness and respect for the contributions Asians and Pacific Islanders are making to education. Your efforts on behalf of public education are remarkable and truly commendable.
