

**ALAMEDA COUNTY OFFICE OF EDUCATION**  
**Job Description**

*Disclaimer – Job descriptions are written as a representative list of the ADA essential duties performed by the entire job classification. They are not intended to include every possible activity and task performed in every position.*

**JOB TITLE: Program Manager II - Nutrition**

**Range 16**

**FLSA: Exempt**

**SUMMARY**

Manages statewide and regional projects to develop, evaluate, and disseminate content standards, instructional and professional resources, research laws, trainings, and curriculum implementation sites; and provide technical assistance for nutrition and school health program development and instruction in California school and after school programs and related agencies.

**ESSENTIAL DUTIES AND RESPONSIBILITIES:**

*Disclaimer – This list is meant to be representative, not exhaustive. Some incumbents may not perform all the duties listed or may perform related duties as assigned. Reasonable accommodations may be made to enable individuals with disabilities to perform essential functions.*

- Researches, analyzes, summarizes and coordinates the distribution of documents, research, laws, policies and other nutrition, school health, and health education curriculum resources for California school and after school programs. (E)
- Manages and facilitates meetings and activities of statewide committee(s) to develop and evaluate statewide standards, evaluation instruments, research, laws, policies, and other nutrition and school health instructional and professional resources for California school and after school programs. (E)
- Manages and provides technical assistance for school staff, teachers, directors, state-level staff, state task forces, institutions of higher education faculty, and other education, and youth program professionals serving California school and after school programs. (E)
- Prepares and coordinates nutrition, school health, and health education curriculum and professional resource information for print and for electronic and web-based statewide distribution and access. (E)
- Coordinates evaluation, development, and dissemination of nutrition, school health and health education curriculum and professional resources, services, information, training, and technical assistance for school programs with the California Department of Education, California Department of Public Health, Centers for Disease Control, and other national, statewide and regional entities. (E)
- Selects, manages, and supervises assigned staff; meets with and evaluates staff. (E)

- Coordinates the development of drafts and updates of research- and standards-based instruments for review and evaluation of instructional materials, professional resources, and trainings to determine the highest quality and most appropriate school nutrition professional resources and nutrition education curricula for statewide access.
- Assists with development of assessment tools, summarizes results, and reviews research to determine resource and training needs of the field.
- Manages, plans, conducts, and evaluates nutrition and health education sessions at conferences, leadership institutes, and workshops.
- Represents the department and serves as facilitator, liaison, and/or resource at state and regional meetings.
- Writes and submits articles for publication.
- Drafts program proposals, goals, and objectives.
- Coordinates and assists in supervision of staff duties and activities to implement multiple program and project objectives.
- Assists in evaluating and documenting program achievements, monitoring program costs, compiling and summarizing data, and preparing project evaluation and progress reports to funders.
- Performs a variety of other duties as assigned.
